Answer the following questions: (note, look not only in the white article, but also in the blue side notes)

1. What caused the problem?
2. How long did it take for the public to be warned?
3. How far did the radiation spread?
4. How many people died?
5. Are the health concerns greater for people living around Three Mile Island?

Fill out at least 4 statements for each of the three sections

Three Mile Island

Fukushima

Answer the following question on the back of this page. Response should be in paragraph form and a minimum of 6 sentences: What would have happened to us if Three Mile Island would have been like Fukushima?

A rectangular box containing 16 evenly spaced horizontal lines, designed for writing or drawing.
